

DANCE ACID RAVE PT.3

HARDCORE

AN ART SHOW BY RYCA

BSMT

EXHIBITION
CATALOGUE

The continuous beat of the drum, rave music roots collide once again with popular culture motifs- the result is a visual celebration of all things acid! BSMT will be signing off 2022 with 'HARDCORE', a banger of an exhibition by Ryan Callanan aka RYCA.

A show of canvas, sculpture, prints and toys, RYCA puts to practice his academic training in printmaking, sign writing, 3-D design and industrial model making to deliver a repertoire of work continuing his exploration and celebration of all things Acid House.

The symbols incorporated in his art are inherently universal, masterfully blended, cross-referenced and recontextualised; their meaning is slightly changed yet strangely familiar. Ryca draws upon popular culture and is heavily influenced by 90's Rap and Hip Hop, everyday colloquial phrases and symbols drawn from British culture.

'HARDCORE' offers something for everyone! With the opening night featuring a line-up of DJ's and drinks generously sponsored by our partners at Duvel, what better way to sign off the year.

HARDCORE opens with a private view on December 1st 6pm- 9pm, with the show running until December 22nd with drinks by our good friends at Duvel.
